

CASEY BASKETBALL ASSOCIATION

CHARITY POLICY

The purpose of this policy is to clearly outline which charitable organisations Casey Basketball Association are aligned to and the way other organisations may look to get involved.

The Casey Basketball Association continues to have a strong community connection through its work with relevant charitable organisations.

These include:

- Breast Cancer Network Australia (Pink Round)
- Lifeline (Mental Health Round/Orange Round)
- Y Initiatives (formerly known as Open Doors Program)

The Association works hard to ensure that each of the above charities are recognised in a relevant manner each year to raise both funding and awareness for each cause.

Casey Basketball are not currently accepting applications from additional charitable organisations, except in extenuating circumstances.

If an organisation believes their situation may fall under the extenuating circumstances category, they may send a detailed application to the Association via email to marketing@caseybasketball.com.au

Applications are judged within ten business days and are notified in a response email.

This policy is subject to change at the discretion of the Association.
