

Premier League – variation to Junior Domestic competition

Player Eligibility & Points

- **No Points Restrictions** apply within the Premier League.
 - Players will **not carry representative points** into this competition.
 - The *Junior Representative Players Points System Guidelines* will not apply to Premier League teams.
- Players are permitted to play **two games in the same age group on the same day** (one Premier League and one Saturday Domestic).
 - **Premier League** (no points restrictions), and
 - **Saturday Domestic A–F Grade** (where the current points system applies).
- If a player participates in the Premier League competition, they may only fill-in for teams in CBA's A Grade division within the same age group. However, they may fill-in up one age group without any division restriction. For the avoidance of doubt, any Premier League player filling in for other domestic teams will count towards the representative player points for that team.

Exception: A player may participate in both Premier League and a division lower than A Grade within the same age group if they played in 50% or more of grading games in the lower division.

Permits & Import Players

Permits

- A permit is required where a player participates in the Premier League for a different Casey Domestic club/team than their Saturday Domestic club/team.
- A player competing under permit:
 - Is **not classified as an import**, and
 - Must continue to play Saturday Domestic (A–F Grade) with the club/team they were registered to in the previous season.

Import Player Definition

- An *import player* is defined as a player who was registered with a Casey Domestic club/team in the previous season and transfers to a different Casey Domestic club/team to compete in the Premier League.

Import Restrictions

- Each club/team is permitted a maximum of:
 - **Two (2) import players per age group, per gender, per season.**

Players from outside the Casey Basketball Association are **not** considered imports.

Competition Structure

- **Opt-in competition** (no grading process).
